Errors and problems detected

Problem	# of problems
Broken links	-
Internal	-
External	-
Broken anchors	-
Slow pages (download size > 60 Kb)	6
Small pages (download size < 7 Kb)	-
Deep pages (more than 5 clicks necessary to reach)	-
Old pages (older than 3 months)	-
Pages missing Title tags	-
Pages with long Title tags	-
Pages missing META Description tag	-
Pages with long META Description tag	-
Pages missing META Keywords tag	-
Pages with long META Keywords tag	-
Images missing attribute ALT	-
Images missing Width/Height attributes	-
Redirects	-

Tip

1. Pages with temporary or permanent redirects are not regarded as content pages, so they are not included into the statistics on slow and old pages. However redirected pages still may point to the content pages that is why they are included into the statistics on broken links and anchors.
